INTRODUCTION

AWCape's Customer Portal, hosted on SharePoint, is a key ingredient to AWCape's implementation success and on-going support, allowing customers to:

1. log support issues,
2. access Time Sheets and Bulk Hour Vouchers
3. monitor progress with Projects & Assignments
4. view project and general documents

This portal which sends alerts to relevant AWCape staff when issues are logged, or feedback-alerts to customers providing feedback and response on logged issues and allows AWCape to render service levels of the highest standard to ensure optimum customer satisfaction.

The rule for AWCape staff is: ***"if it happens, it must be on the Customer Portal"***. We trust you will appreciate that priority services (as per SLA) are guaranteed only if logged through the AWCape Customer Portal and when mails are cc'd to:

hrpayrollservices@awcape.co.za for Sage 300 People & Premier Payroll

erpserives@awcape.co.za for Sage 300cloud (Accpac) and CRM

The use of the AWCape Customer Portal is free to all AWCape Customers however, telephone and/or remote support within agreed response times can only be supplied to customers subscribing to a service level agreement (SLA). A unique ID will be assigned to your company that will give you access to the portal as well as an ID to be used when assigned tasks, projects, and assignments:

- For ERP clients as **SLA ERP "Client name"**
- For HR & Payroll clients as **SLA PAY "Client name"**.

This document provides a short overview of the AWCape Customer Portal with specific reference to the two most important facets of the system – namely Time Sheets and Issues Logs.

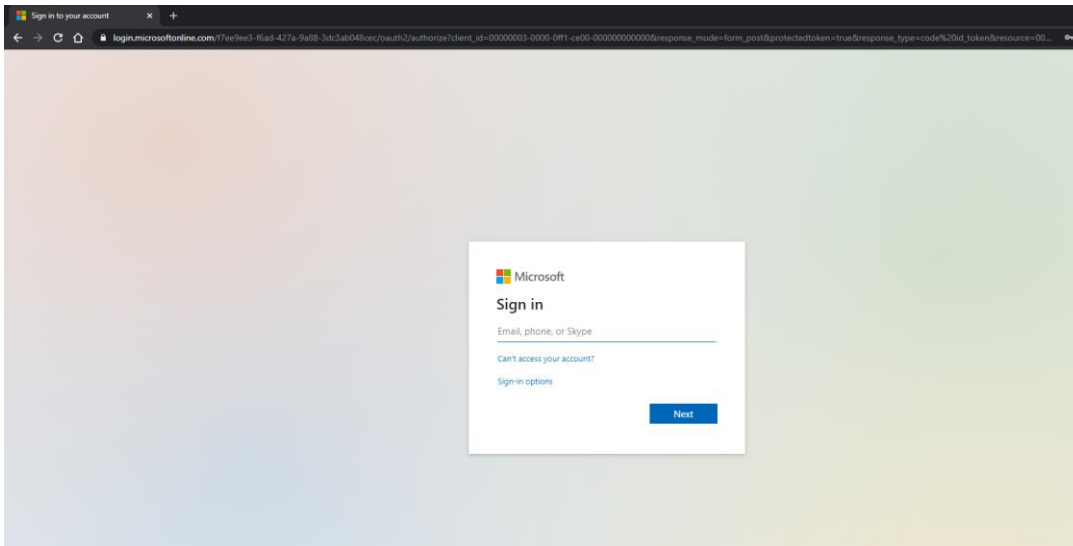

Please note that this document is applicable for users of Internet Explorer 8 or later.

HOW TO LOG INTO THE PORTAL

Step 1 – Log on to Customer Portal

Navigate to [https://awcape365.sharepoint.com/\"Client specific URL detail\"/SitePages/Home.aspx](https://awcape365.sharepoint.com/\)

Step 2 - Login

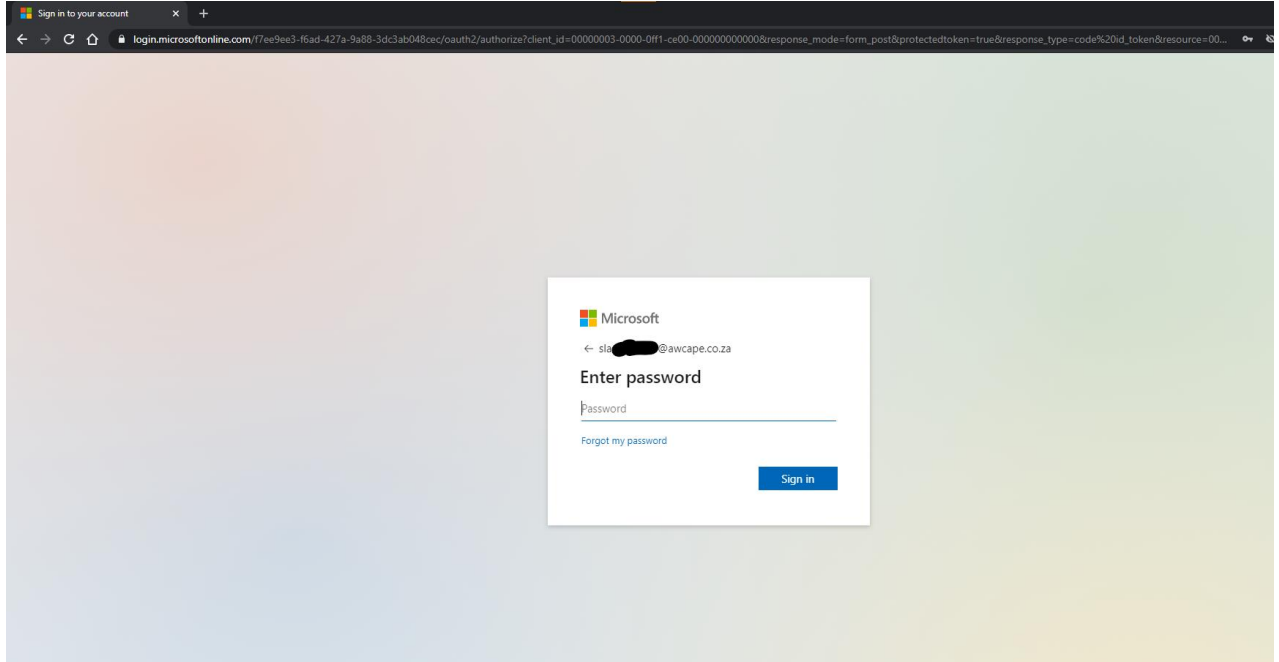

Enter your username provided by AWCape e.g. sla.xxx.xxx@awcape.co.za

Please note that each SLA client is assigned a unique ID that will be used when assigning a task, project or assignment. The format of this ID is derived as follows:

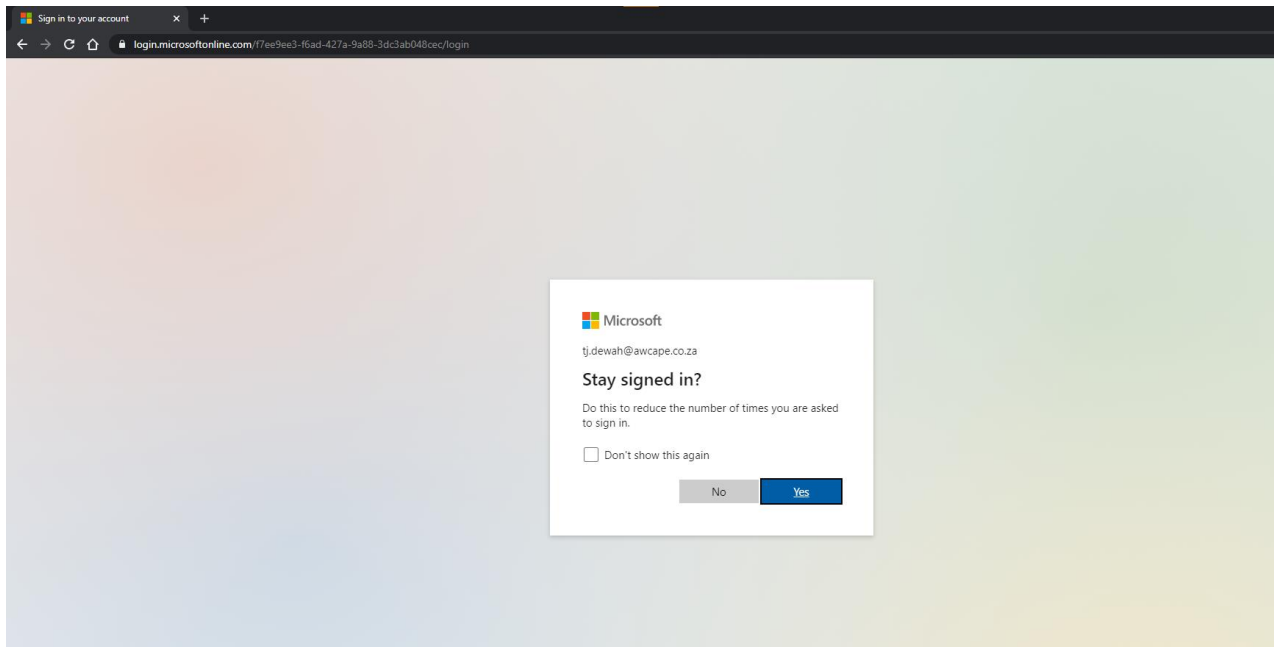

- For ERP clients as **SLA ERP "Client name"**
- For HR & Payroll clients **SLA PAY "Client name"**.

Sample: **SLA PAY Amsol**

See below section ADDING/CLEARING ISSUES for detail how to use the company ID to assign tasks.

Enter the password provided by AWCape

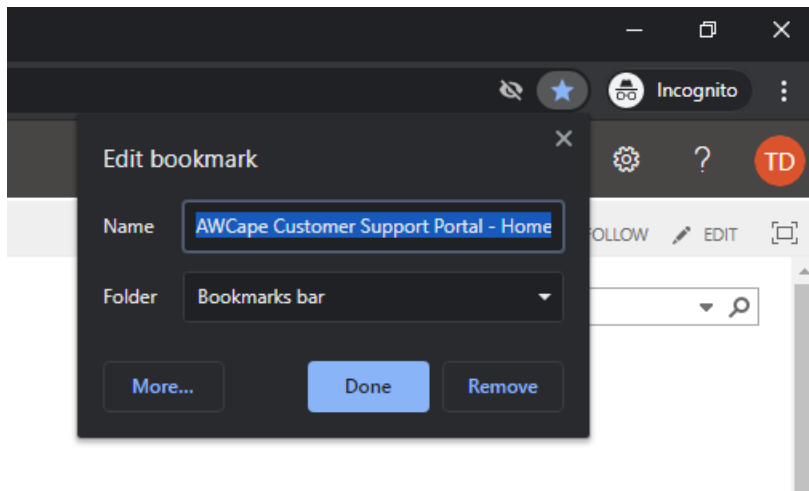

You have the option to “Stay signed in” which will remember the username and password when you click “Yes”

HOW TO ADD BOOKMARKS FOR AWCAPe CUSTOMER SUPPORT SYSTEM IN GOOGLE CHROME ON DESKTOP

1. Open Google Chrome on your Mac or PC and navigate to the web page you want to bookmark.
2. Click the star on the right edge of the address bar. A bookmark will be automatically created.

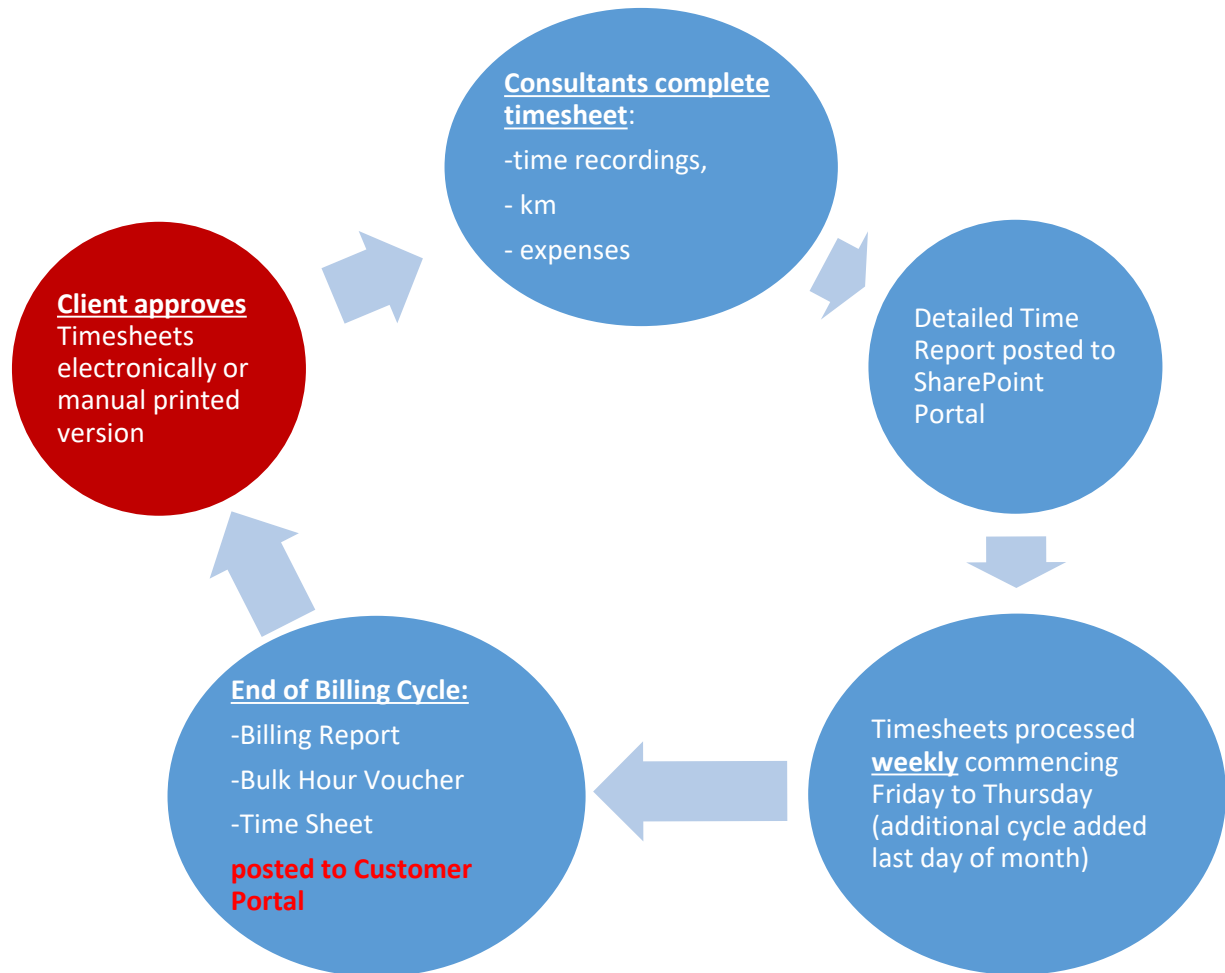

3. A pop-up box will appear where you can customize the bookmark. You can rename the bookmark (website URLs are often quite long, so it can be helpful to shorten the name for readability) and choose which bookmark folder in which to store it. If you want to create a new bookmarks folder, click "More..."

TIME SHEETS

This section covers the process of recording time spent on tasks for a client and the approval process for work done by AWCape consultants.

Whenever a consultant provides support to the client and/or works on the clients' system – whether on site or by remote access – the consultant will record the time spent and, where applicable, the travel time and travel kilometres. The consultant records this on the AWCape Customer Portal on a **daily basis**.

AWCape consultants will complete detailed time sheets and all the time recordings for all consultants for a particular billing week will be included in a Detail Time Report, which will be posted weekly to the SharePoint Portal Time Sheets.

Time sheets are processed on a weekly cycle commencing every Friday through to the following Thursday with an additional cycle occurring on the last day of each month. The detailed Time Sheets and, if applicable, the Customer Billing Report and Bulk Hour Voucher will be posted to the customer’s dedicated portal on the Monday following the end of the billing cycle.

The client must approve each Time Sheet. This can be done electronically, as described below, or the client may request AWCape to email printed Time Sheets for manual sign off.

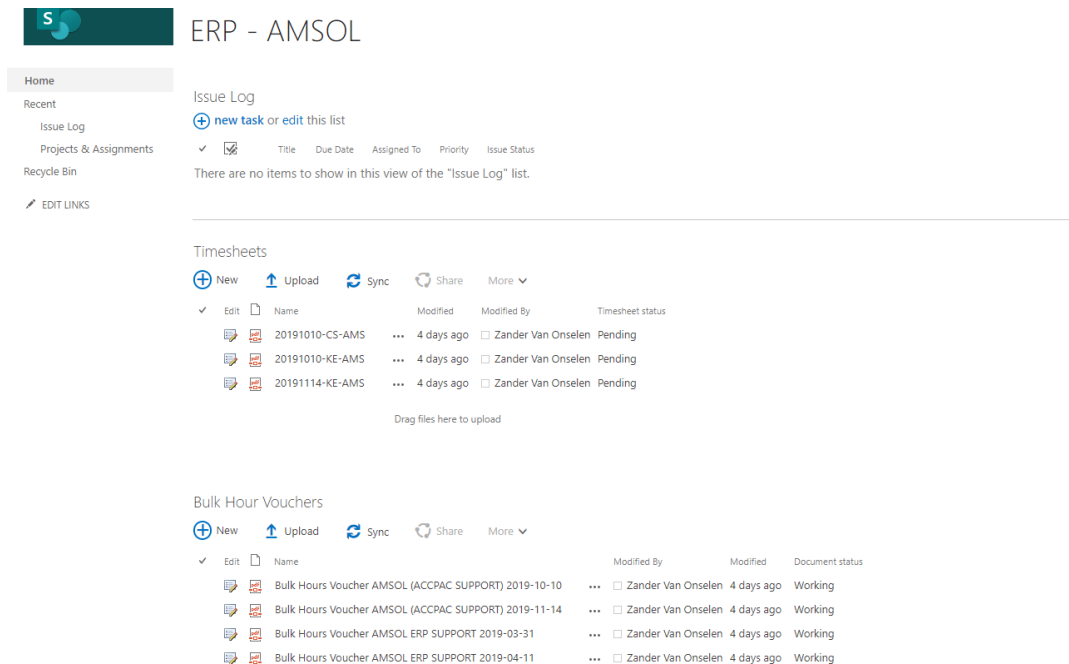

Step 1 – Log on to Customer Portal

Navigate to [https://awcape365.sharepoint.com/\"Client specific URL detail\"/SitePages/Home.aspx](https://awcape365.sharepoint.com/\)

Step 2 - Login

Login with the login credential provided to you by AWCape.

The Customer Portal will be displayed.

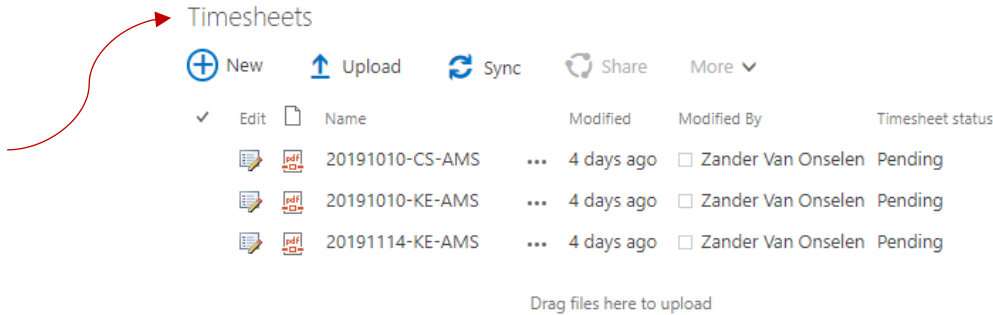

The screenshot displays the AWCape Customer Portal interface for ERP - AMSOL. The left sidebar contains navigation options: Home, Recent, Issue Log, Projects & Assignments, Recycle Bin, and EDIT LINKS. The main content area is divided into three sections:

- Issue Log:** Includes a '+ new task or edit this list' button and a table with columns: Title, Due Date, Assigned To, Priority, and Issue Status. A message states: 'There are no items to show in this view of the "Issue Log" list.'
- Timesheets:** Includes '+ New', 'Upload', 'Sync', 'Share', and 'More' buttons. A table lists timesheets with columns: Name, Modified, Modified By, and Timesheet status.

Name	Modified	Modified By	Timesheet status
20191010-CS-AMS	4 days ago	Zander Van Onselen	Pending
20191010-KE-AMS	4 days ago	Zander Van Onselen	Pending
20191114-KE-AMS	4 days ago	Zander Van Onselen	Pending
- Bulk Hour Vouchers:** Includes '+ New', 'Upload', 'Sync', 'Share', and 'More' buttons. A table lists vouchers with columns: Name, Modified By, Modified, and Document status.

Name	Modified By	Modified	Document status
Bulk Hours Voucher AMSOL (ACCPAC SUPPORT) 2019-10-10	Zander Van Onselen	4 days ago	Working
Bulk Hours Voucher AMSOL (ACCPAC SUPPORT) 2019-11-14	Zander Van Onselen	4 days ago	Working
Bulk Hours Voucher AMSOL ERP SUPPORT 2019-03-31	Zander Van Onselen	4 days ago	Working
Bulk Hours Voucher AMSOL ERP SUPPORT 2019-04-11	Zander Van Onselen	4 days ago	Working

Step 3 – Navigate to the Time Sheet section

The Time Sheets shown are the ones that have not been Signed Off. To view the Signed Off Timesheets as well simply double click on the word Timesheet in the heading.

The columns displayed are:

<u>EDIT</u>	<u>NAME</u>	<u>MODIFIED</u>	<u>MODIFIED BY</u>	<u>STATUS</u>		
This icon allows the client to edit the Time Sheet	Time Sheet Name is in the format YYYYMMDD-YY where: YYYYMMDD – the date of the Monday start for the week.	Date the file was last modified	Last person that accessed and modified or uploaded the file	Pending: Time Sheet loaded with no further action	Invoiced: Time Sheet invoiced. Pending approval	Invoiced & Paid: Invoice generated paid
				Credited: Used when time has to be credited	Credited & Paid: The Credit Note processed	
				Queried: Client queried the Time Sheet. Queries addressed promptly by AWCape Services Division	Signed Off: Client has approved the Time Sheet

Save Cancel

Click on the Status drop down list to change to either Queried or Signed Off.

If you query a Time Sheet please enter the reason for the query in the Comments box to assist AWCape in providing a prompt response.

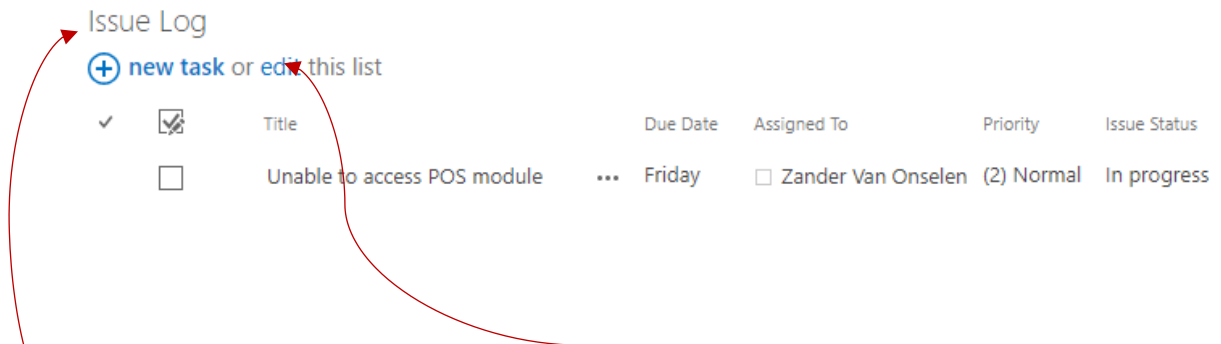

Having made the change click on the Save button (either top left or bottom right).

ADDING/CLEARING ISSUES

This section details the process of recording an issue and the steps each issue will go through prior to it being closed.

Step 1 – Log on to the Portal

Log on to the portal as described in the previous section and navigate to the Issues Log section.

The Issues shown are the ones that have not been Closed by the client.

To view the Closed Issues as well, double click on the word Issues Log in the heading

The columns displayed are:

<u>Issue ID</u>		<u>Title</u>	<u>Due Date</u>	<u>Assigned to</u>	<u>Priority</u>	<u>Issue Status</u>	
Each Issue is assigned a sequential number	Indicates that there is an attachment for this issue	The main description of the issue	The estimated date for completion of work on the issue	Who the issue is currently assigned to. For Signoff the task will be assigned to the client: - For ERP clients as SLA ERP "Client name" and for HR & Payroll clients SLA PAY "Client name".	High, Normal or Low	Not Started: No action taken	In Progress: Work has started
						Action Required: Review comments. Assigned person to take action	On Hold: Temporarily no action to take
						Replenish Voucher: Voucher hrs low. Replenish to continue	AWCape QC: AWCape personnel to do a quality check
						Customer QC: Client to do quality check and confirm in happy with the work	Resolved: Resolved by the AWCape consultant Closed: The client has tested the issue and is satisfied with the result. Only to be closed by initiator of the task

Step 2 – Log a New Issue

The customer should log every issue that requires the attention of an AWCape consultant.

There will also be times when an issue will be logged by an AWCape consultant – for example, working on the clients’ site the consultant has identified something that needs attention.

To log a new issue simply click on “new task” at the top of the Issues list.

Title * Title with short reference to issue

Description Clear description on the issue experienced.

Priority Priority level (Specifies required response time)
Low – 7 days
Medium – 2 days
High – 4 hours
**Please refer to the SLA for our policy on the priority levels.*

Assigned To Assigned To with name of consultant to whom this issue needs to be directed (if unsure, assign to Service Administrator who will then assign accordingly as required)

Start Date

Due Date * Due Date – date the issue should be solved by.

Issue Status Issue Status - The status of the issue. Status

<u>Issue Status Options</u>	
<p>Not Started: No action taken</p>	<p>In Progress: Work has started</p>
<p>Action Required: Review comments. Assigned person to take action</p>	<p>On Hold: Temporarily no action to take</p>
<p>Replenish Voucher: Voucher hrs low. Replenish to continue</p>	<p>AWCape QC: AWCape personnel to do a quality check</p>
<p>Customer QC: Client to do quality check and confirm in happy with the work</p>	<p>Resolved: Resolved by the AWCape consultant</p>
	<p>Closed: The client has tested the issue and is satisfied with the result. Only to be closed by initiator of the task</p>

Step 3 – Updating an Issue

As work is done on this issue the person doing the work will add comments and update the as necessary.

To edit an item, click on the title, which will open the issue logged and edit accordingly.

Title * Unable to access POS module

Description Description for the issue goes here

Attach screenshots or documents regarding the error if available

The same information that is captured when recording a new issue can now be edited and updated.

When editing an issue do not change the *basic information*.

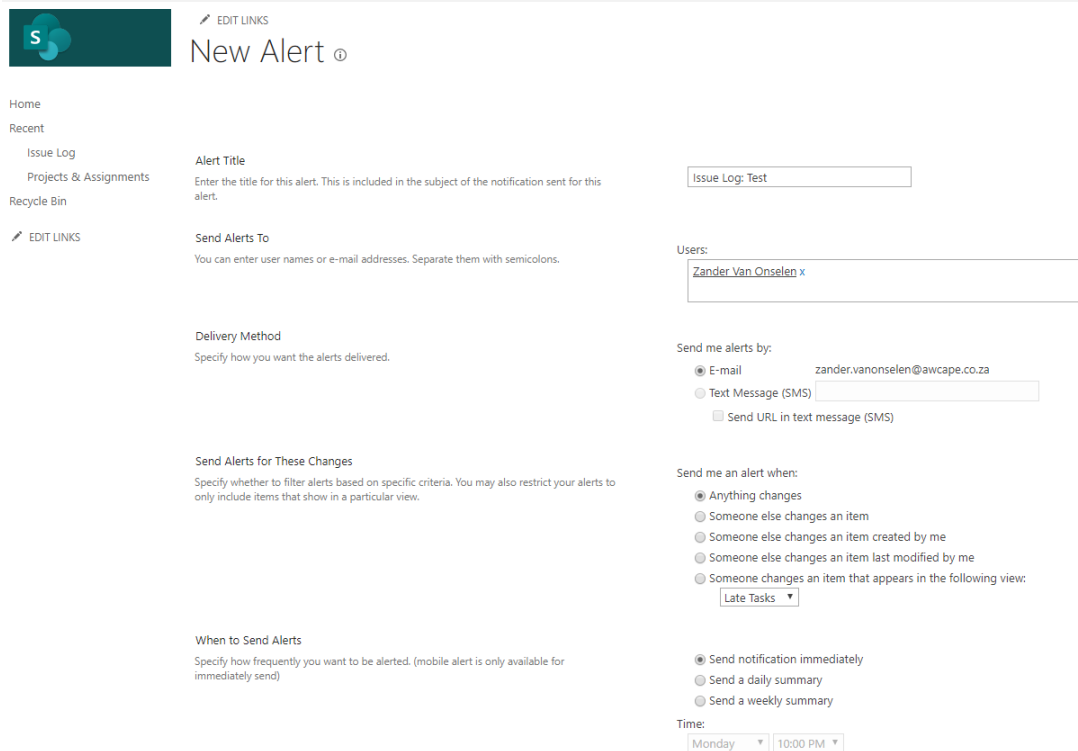

Changes should be limited to:

<u>Due Date</u>	<u>Assigned to</u>	<u>Priority</u>	<u>Issue Status</u>		<u>Follow Up Comments</u>
The estimated date for completion of work on the issue	Assigned To with name of consultant to whom this issue needs to be directed (if unsure, assign to Service Administrator who will then assign accordingly as required). For Signoff the task will be assigned to the client: - For ERP clients as SLA ERP "Client name" and for HR & Payroll clients SLA PAY "Client name".	High, Normal or Low	Not Started: No action taken	In Progress: Work has started	Follow up comments explaining what has been done to date since previous update and why the issue has been updated
			Action Required: Review comments. Assigned person to take action	On Hold: Temporarily no action to take	
			Replenish Voucher: Voucher hrs low. Replenish to continue	AWCape QC: AWCape personnel to do a quality check	
			Customer QC: Client to do quality check and confirm in happy with the work	Resolved: Resolved by the AWCape consultant	
				Closed: The client has tested the issue and is satisfied with the result. Only to be closed by initiator of the task	

Step 4 – Other Options

From that same drop down list the following options are available:

View Item	Version History	Alert me	Delete Item
To simply view the details of the item	To obtain a full version history of the item	<p>The system standards are that every update or change to an Issue will be immediately emailed to selected AWCape personnel and to selected client personnel.</p> <p>This screen can be used to change the standards for this specific issue and to select, for example:</p> <ul style="list-style-type: none"> • a daily or • weekly status of the issue 	Items entered in error can be deleted from the portal.

OTHER FEATURES

This section covers the other features of **Customer Portal** that are available.

General Documents

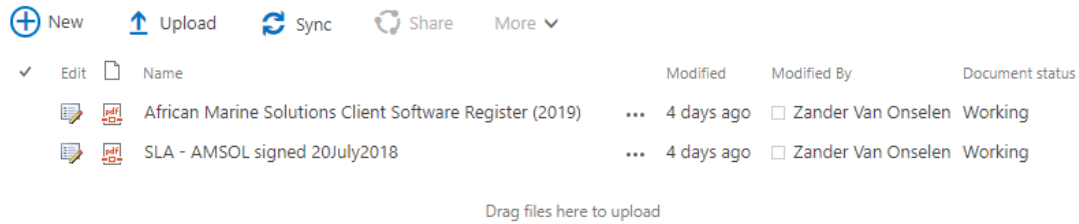

The General Documents section contains a variety of information about:

- the clients' site and
- installation.

For example, there will always be:

- Software List: which shows what software the client has installed and when the license is due for renewal.
- Free Training Days document: which will reflect the free training days accumulated and used (clients using SLA only).
- Copies of contracts signed between AWCape and the client.

General Documents

The screenshot shows a document management interface. At the top, there are action buttons: New (plus icon), Upload (up arrow), Sync (refresh), Share (share icon), and More (dropdown arrow). Below these is a table with columns for Edit, Name, Modified, Modified By, and Document status. Two documents are listed:

✓ Edit	Name	Modified	Modified By	Document status
 	African Marine Solutions Client Software Register (2019)	4 days ago	<input type="checkbox"/> Zander Van Onselen	Working
 	SLA - AMSOL signed 20July2018	4 days ago	<input type="checkbox"/> Zander Van Onselen	Working

Below the table is a drag-and-drop area with the text "Drag files here to upload".

Project Documents

This section will contain the latest documents pertaining to the projects in progress with the client.

Within this section each project will have its own folder containing all project specific relevant documents including but not limited to:

- signed proposal,
- project schedules,
- meeting minutes, etc.

If a major project is in progress the **Project Plan** will be shown together with a **Customer Billing Report** which shows:

- the originally budgeted hours,
- the hours used to date and
- the hours still available for completion of the project.

Project Documents

 New  Upload  Sync  Share More 

 Edit  Name Modified Modified By Document status

Drag files here to upload

Project & Assignments

This section will contain logged tasks of smaller assignments requested by client for a designated date as planned.

This will include requested consultations for example

- medical aid updates,
- leave setup changes,
- tax year end submissions, etc.

Projects & Assignments

HOW TO ROUTE ALERTS TO A GROUP FROM AWCAPe CUSTOMER SUPPORT SYSTEM IN OUTLOOK

All e-mail alert generated are sent to the e-mail address no-reply@sharepointonline.com.

From the primary e-mail address Outlook Menu bar that was selected as the contact for the portal select Rules → Create Rules:

Create Rule

When I get this alert
Name: "Issue Log"
Source: PAY - Bosman Adama

Do the following

Display in the New Item Alert window

Play a selected sound:

Move the item to folder:

Select Advanced Options:

Rules Wizard

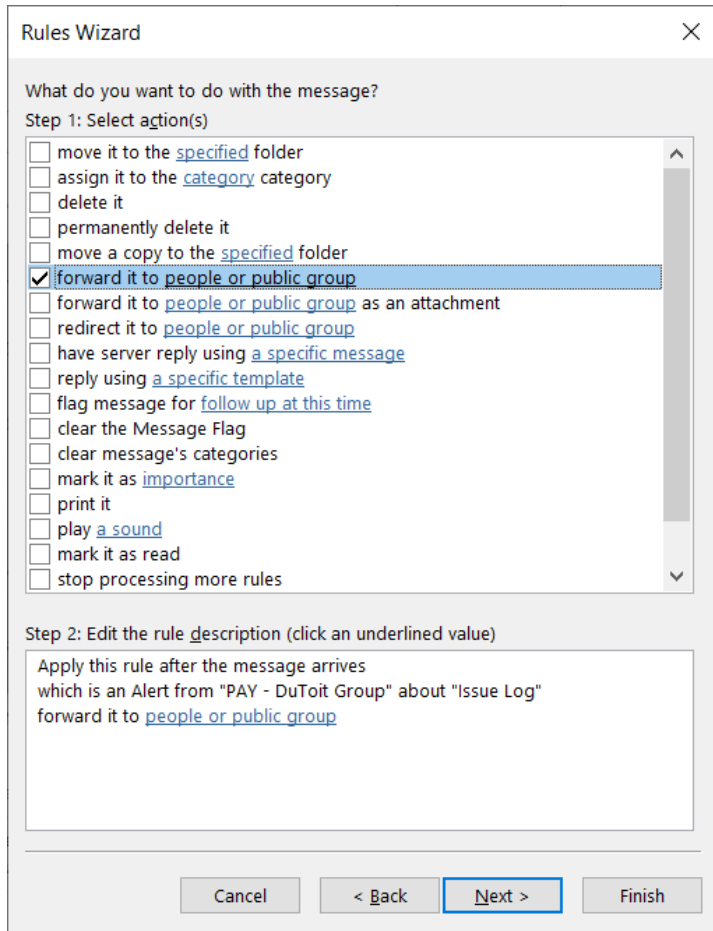

Which condition(s) do you want to check?
Step 1: Select condition(s)

- which is an Alert Email
- from PAY - DuToit Group
- with Issue Log - ECB5125 - loan balance in the subject
- sent to Khalil du Plessis
- with Issue Log - ECB5125 - loan balance in the subject or body
- through the specified account
- sent only to me
- where my name is in the To box
- marked as importance
- marked as sensitivity
- flagged for action
- where my name is in the Cc box
- where my name is in the To or Cc box
- where my name is not in the To box
- with specific words in the body
- with specific words in the message header
- with specific words in the recipient's address
- with specific words in the sender's address

Step 2: Edit the rule description (click an underlined value)

Apply this rule after the message arrives
which is an Alert from "PAY - DuToit Group" about "Issue Log"

Select Next:

Rules Wizard

What do you want to do with the message?

Step 1: Select action(s)

- move it to the specified folder
- assign it to the category category
- delete it
- permanently delete it
- move a copy to the specified folder
- forward it to people or public group
- forward it to people or public group as an attachment
- redirect it to people or public group
- have server reply using a specific message
- reply using a specific template
- flag message for follow up at this time
- clear the Message Flag
- clear message's categories
- mark it as importance
- print it
- play a sound
- mark it as read
- stop processing more rules

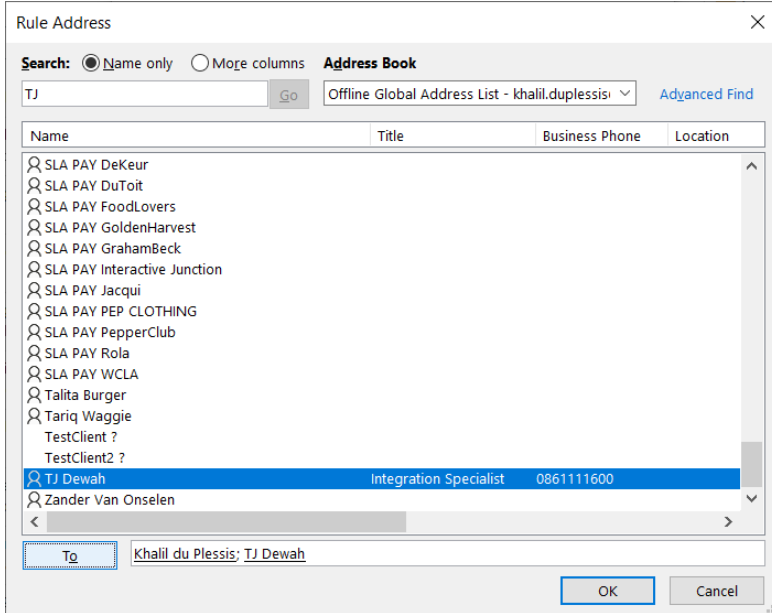

Step 2: Edit the rule description (click an underlined value)

Apply this rule after the message arrives
which is an Alert from "PAY - DuToit Group" about "Issue Log"
forward it to people or public group

Cancel < Back Next > Finish

Click on people or public group in Step 2:

Enter e-mail address to forward to:

Click OK.

Then click on Finish:

Rules Wizard

What do you want to do with the message?

Step 1: Select action(s)

- move it to the specified folder
- assign it to the category category
